- 512GB !
- 3D-NAND !

Utilizing the SATA III 6Gb/s interface and the latest 3D NAND technology, Transcend's ultra-compact M.2 SSD 430S is ideally suited to meet the high-performance requirements and strict size constraints of small form factor devices. Utilizing high-quality flash chips and advanced firmware algorithms, the Transcend M.2 SSD 430S offers unparalleled reliability.

- 550 MB/s read speed - 450 MB/s write speed
- Long endurance
- Lower power consumption
- Easy installation without additional drivers
